COMMENTS FROM THE TOWN MANAGER'S OFFICE

Both excise tax payments and property tax payments are well ahead of last year. Property tax payments at the end of September 1965 were \$52,972.92 and for the same period in 1966 the payments were \$72,231.39. That is an increase of just over \$19,000.00. There are usually a lot of payments just after the tax bills go out and then the rate of payment is slow until December. There was a large number of payments after the bills were mailed this year and the rate has continued to be very good. I can not explain it but there quite a few partial payments and total payments each week.

Excise tax payments at the end of September 1965 were \$24,294.85 and this year the payments were \$26,167.32 for the same period. That is an increase of nearly \$2,000.00.

I mentioned last week that a few sewer manholes might be installed this fall. Since that time, a plugged sewer on Railroad Street caused a great deal of trouble. The highway crew had to work many hours last week end and a manhole has been installed at the trouble spot. There was trouble at same spot about six years ago, but a manhole was not installed. The cost of material and labor for construction of a manhole six years ago would have been much less than the cost of labor and equipment last week end. The next time there is trouble in the sewer line in that area it will be much easier and cheaper to fix it.

The situation at the West Bethel Water System has been very good lately. The pressure has remained at the desired level and the water is of good quality. I hope that the system will remain in good condition and eventually it might be paid for.

ERCO-TEBBETS STRIKE SETTLED AFTER TWO-DAY SHUTDOWN

Union workers of the Ecco-Tebbetts woodworking mill in Locke Mills Friday night voted to accept a company proposal after a two-day strike in a dispute over an arbitration decision.

Keith Ring, president of Local 77 of the United Furniture Workers of America, AFL-CIO, said the workers would return to their jobs on Monday morning.

The walkout last Thursday was precipitated reportedly by the company's action in initially agreeing to a July 7 decision by a federal arbitrator following the local's claim that the company used improper layoff and recall procedures then questioning the eligibility of one of the employees involved.

A strike vote was taken by the 153 union members involved at a Wednesday night meeting. A company proposal to the union to end the dispute was rejected by the workers in a Thursday night meeting.

PLANNING BOARD HEARS REPORT ON LOCAL HOUSING FROM OLD TOWN SURVEY FIRM

The Bethel Planning Board held a meeting at the Selectmen's Office Wednesday evening to discuss another in a series of preliminary reports by the James W. Sewall Co. of Old Town as a part of developing a comprehensive plan for the town of Bethel. The survey being conducted by the Sewall Company is funded by the town, State and Federal assistance authorized under the Urban Planning Assistance Program.

Low Lubka of the Old Town firm discussed the report on "Neighborhood Analysis" with the group. The discussion concerned analysis of the urban area in as much as rural areas do not fit the definition of "neighborhood" as referred to in the Sewall Co. survey. A neighborhood is considered to be within a reasonable distance of schools, churches, and shopping areas and be served by utilities such as telephone, electricity, public water supply, sewage disposal and storm drainage.

Boundaries in the urban area were classified into three categories: sound, deteriorating or dilapidated. As the Sewall Co. survey was made on outward expansion only, better structures, defects may well have been included in such cases the rating of certain buildings may well be higher than they should be.

Blighted areas are an economic liability to a community because

of tax revenue losses, increased social services, higher fire loss and consequently a higher insurance rate, and a higher rate of disease and delinquency.

In the urban area: out of a total of 332 housing units, 312 were determined to be sound, eight were deteriorating, with 12 being termed dilapidated.

On a town-wide basis 69.2% were found to be sound; 18.4% deteriorating; 12.2% dilapidated. State of Maine figures in the same categories of 78.0%, 16.6% and 5.4%.

It was evident by the report that the sound structures should be conserved, deteriorating buildings rehabilitated and the dilapidated structures be removed if such is necessary.

At the meeting Mr. Lubka stated that he has been asked to work with officials of Gould Academy to harmonize their future expansion with the proposed comprehensive plan of the town.

During the meeting Mr. Lubka also discussed building, housing, plumbing and electrical codes as they might be applicable to Bethel. After mentioned were various Federal programs that might be available for the area of a comprehensive town plan is adopted.

The study by the Sewall Co. will include base maps, rural and urban soil maps, rural and urban land use maps. continued on Page Eight

MAINE MINIMUM WAGE
RATES INCREASE OCT. 15

Maine minimum rates go up on
 October 15, 1966, to \$1.25 an hour
 for most businesses which em-
 ploy four or more persons and to
 \$1.15 for hospitals and nursing
 homes. The 1966 Maine Legisla-
 ture enacted amendments to the
 minimum wage law at the 1965
 session which provided these in-
 creases.

There will be no change in the
 overtime provisions which re-
 quire payment of 1 1/2 times the
 employee's regular hourly rate
 for all hours in excess of 48 in any
 week. Hospitals, nursing homes
 and perishable food processors
 are exempt from the overtime
 requirements.

Persons who are employed on a
 salary basis are not exempt
 from the overtime provisions of
 the law because they are paid a
 salary. Unless they are exempt for
 one of the above reasons or
 because they are exempt as ex-
 ecutives or professionals, or as
 students, waitresses, etc., they
 must be paid premium pay when
 they work over 48 hours, based
 on their salary rate.

All persons subject to the law
 must be furnished with each pay-
 ment of wages a statement show-
 ing the hours worked, gross wages
 and itemized deductions.

According to the Department
 of Labor and Industry, the law
 requires payment of any unpaid
 minimum wages or overtime
 back to the effective date of am-
 endments. If an employer has
 not been paying premium pay
 for hours in excess of 48, for
 example, he must make this up

Council, Oct. 18, in Buckfield at
 the Grange Hall. Next meeting
 Oct. 25, which will be Education
 and Scholarship with Adeline
 Deater, chairman.

EVENING EXTENSION

 program will be driftwood ar-
 rangements. Members are asked
 to bring a piece of driftwood and
 any decorations they would like
 to use for their arrangement.
 Hostesses will be Rose Rozek and
 Bea Foster.

20 SECONDS WITH THE NAZARENE

The best thing to give your enemy is for-
 giveness; to an opponent, tolerance; to a friend,
 your heart; to your child, a good example; to a
 father, deference; to your mother, conduct that
 will make her proud of you; to yourself, re-
 spect; to all men, charity.

In tennis, the Kents Hill girls won both Singles and Doubles, but the girls enjoyed competition in two matches which ran games of 9-7.

Miss Arbour, girls' physical education instructor at Gould, was pleased with the Gould girls performance in all the events and with the good sportsmanship shown by girls from Gould and Kents Hill. Although rivalry and competition is keen between the two schools, the girls of both schools enjoy the events and their frequent exchange visits to each school's campus.

A large attendance of students, parents, alumni and friends cheered the football team and cross country team in afternoon events.

In the second half Williams reached the scoreboard three times. Dan Knight accounted for two of the tallies on runs of five, and 65 yards. Bob Joseph added his second touchdown of the day on a 23-yard jaunt.

SALVATION ARMY

ANNUAL ARMY

Local residents will be calling on their neighbors and friends during the last week in October in the interest of the Salvation Army's appeal for funds to continue its work in Bethel and the surrounding area. Mrs. Louise Lincoln, who is in charge of the local drive is at present asking for volunteers to help with the house-to-house canvass.

The local Service Unit Committee under the direction of the chairman, Donald Brown, not only raise this fund but they also take a very active part in purchasing services and supplies for our less fortunate neighbors. Food, clothing, medical and dental care, eyeglasses and a long list of unusual items are supplied by service unit committees from the portion of the fund which is kept here for local use.

The remainder of the fund is used to help support the Salvation Army's regional services. The Army maintains clubs for servicemen, rehabilitation centers, homes for unwed mothers, summer camps for boys and girls and a visitation service to hospitals and State institutions.

Gifts may be sent to the local treasurer, Mrs. Richard Brown.

Mrs. Madge Vogt has returned from Norway. She is recuperating from recent surgery.

A TRIBUTE TO

PHILIP R. BURNS

In retrospect a couple of decades or so ago, one opened the door of a neat and well-stocked grocery store. "Good morning, young lady," or "What can I do for you, sir?" were the gallant and cheery greetings to young and old alike.

Phil Burns was an affable, popular and successful storekeeper. After his retirement to Bryant Pond, he still kept his friends, his Masonic affiliation and close ties in Bethel.

His home was in truth his castle. The location on the shore of scenic Lake Christopher was a lovely spot; the grounds were beautifully landscaped and his vegetable and flower gardens, the pride of the village. He bestowed the bountiful fruits of his labors on neighbors and friends with lavish generosity.

Upon entering his attractive home for an evening of congenial conversation, one felt a sense of peace and harmony. For many years Grace, his wife, has been a partial invalid from arthritis and it was always heartwarming to see how willingly and tenderly he helped her with the routine household chores or took her for drives through the countryside.
